Re: Docket number 2005D-0330, *Collection of Platelets by Automated Methods*

To Whom It May Concern:

Due to the critical issues at hand and the effects they will have on blood and blood products, I am requesting an extension of 90 days to further review these issues.

The holidays play a role in limiting the time to gather the data and manpower to tackle the task at hand.

Please reconsider your January 3rd deadline and extend the date to accommodate ample time for investigation of these issues.

Tina R. Revuelta MLT, R.N.
Clinical Manager, Apheresis
